“ Remembering all the good times. So much laughter, getting on your nerves & me trying to sneak up on you at home, but Shay always gave me away because she's nosy 😂 Remembering all the times you allowed all our friends to just hang out and they all respected and treated you as if you were their mom. All those chemo visits when you started up and we were the loudest in the room laughing & keeping the nurses entertained 😂😂😂 And I'll never forget that long tight hug you gave me in the hospital during your last days. OUR FOREVER HUG. I love you mommy & I know you'll be watching over me no doubt. Rest well my beautiful queen ☐🕊️
